CIVITAS INSTITUTE NORTH CAROLINA STATEWIDE STUDY / FEBRUARY 2012

A lawsuit was filed recently by the elected Guilford County Register of Deeds that seeks to declare North Carolina marriage laws unconstitutional, because they don't allow same-sex partners to marry.

However, there is a proposed marriage amendment that would protect traditional marriage from suits like this. The proposed amendment would prevent a judge from declaring marriage as only between one man and one woman as unconstitutional.

With that information, would you be more likely or less likely to support the marriage amendment that would protect traditional marriage?

CIVITAS INSTITUTE NORTH CAROLINA STATEWIDE STUDY / FEBRUARY 2012

A lawsuit was filed recently by the elected Guilford County Register of Deeds that seeks to declare North Carolina marriage laws unconstitutional, because they don't allow same-sex partners to marry.

However, there is a proposed marriage amendment that would protect traditional marriage from suits like this. The proposed amendment would prevent a judge from declaring marriage as only between one man and one woman as unconstitutional.

With that information, would you be more likely or less likely to support the marriage amendment that would protect traditional marriage?
