Good Morning Dr. Barber,

I pray that all is well. I am sending this e-mail in hopes that the information will be helpful to the NAACP as we all work together to especially prepare our minority communities to have a major impact at the polls.

There are only 23 days left before early voting begins and 41 days left before the General Election. No one knows better than you that there is still much work to be done. Attached is the statewide list of voting sites for early voting and the General Election (in both Word and Notepad formats). As many have been utilizing my power point to conduct their own Voter Education Seminars, I have attached an updated version of the power point that I distributed in August 2016. Members of the NAACP are welcome to change or remove the first three slides or just re-work the power point to their liking. I believe that my power point presentation contains all of the "valid" information needed in our communities, and it addresses the many questions that have come up during my travels.

Also attached are the Request for an Absentee Ballot and the Voter Registration Application. Anyone having trouble acquiring Voter Registration Applications can leave me a voice mail message indicating the name and address where the forms should be mailed.

It is with much joy that I serve in this position for "such a time as this." So, please do not hesitate to call upon me if the NAACP needs my assistance in any way.

Respectfully,  
Dr. Lee Cooley
