 QUESTION 23:
 Currently there is a bill in the legislature that would lower the state's individual income tax rate from 5.499 percent to 5.35 percent. It would also cut taxes in other ways, such as increasing the standard deduction to \$20,000 for married couples filing jointly, and to \$10,000 for single filers. Would you support or oppose this bill to cut state income taxes?

 QUESTION 25:
 Shortly after the 2016 election, the state board of elections identified over 25,000 people as inactive voters as a result of mailings being returned undeliverable and another 500 who voted as possibly ineligible to legally vote. And with that information, do you support or oppose requiring voters to show a valid photo ID before casting their ballot?

 QUESTION 25:
 Shortly after the 2016 election, the state board of elections identified over 25,000 people as inactive voters as a result of mailings being returned undeliverable and another 500 who voted as possibly ineligible to legally vote. And with that information, do you support or oppose requiring voters to show a valid photo ID before casting their ballot?

 QUESTION 30:
 Currently, state employees in North Carolina receive a defined-benefit pension, meaning that they receive fixed payments until death after they retire. They must work at least 5 years to qualify for a pension. This pension fund currently has unfunded liabilities of \$5.2 billion dollars, which state taxpayers will likely have to fund. Which of the following options would be BEST, when it comes to NEW North Carolina state employees...

New state employees should be enrolled into a 401K style plan which does not carry with it any risk of unfunded liabilities.

New state employees should continue to receive defined-benefit pension plans, and taxpayers should cover any shortfall or liability.
